COVID VACCINATIONS CONTINUE...

We continue to offer Covid walk-in clinics 5-6pm on a Monday. These clinics are only for patients who require a 1st, 2nd or Booster, plus immunosuppressed patients needing a 4th dose. Immunosuppressed includes patients who have a blood cancer or those who have a weakened immune system due to a treatment (such as steroid medicine, biological therapy, chemotherapy or radiotherapy).

The eligible groups for Spring Boosters are care home residents, people who are 75 and over and those who are immunosuppressed aged 12 and over. Patients can book through the National Booking System online or by calling 119 once they have received a letter. We will advise about Spring Booster clinics here at the surgery in due course for patients over the age of 18.
