7–13 June 2021

Carers Week is an annual awareness campaign that celebrates and recognises the vital contribution of the UK's unpaid carers - supporting family members and friends who are older, have a disability, mental or physical illness or need extra help as they grow older.

For Carers Week 2021 charity **Carers UK** is joining forces with **Age UK**, **Carers Trust**, **Motor Neurone Disease Association**, **Oxfam GB** and **Rethink Mental Illness** to help raise awareness of caring around the country.

The six charities driving Carers Week 2021 are calling on individuals, services and organisations to do their part in **Making Caring Visible and Valued** - recognising the contribution made by carers and helping them get the practical, financial and emotional support they need to care for a loved one.

Hundreds of activities are taking place across the country during Carers Week and many people have Added Their Voice on the Carers Week website to make caring visible this year. To find out more about activities in Wiltshire visit <https://www.carersweek.org/>

Northlands Surgery encourages all patients who are Carers to register with the Surgery that they are a Carer. (This does not include people who are employed to care)

If you have not previously registered please ask for a registration form at Reception.
